Illinois Valley Community College District No. 513

For its Annual Comprehensive
Financial Report
For the Fiscal Year Ended

June 30, 2023

Christopher P. Morrill

Executive Director/CEO

December 2, 2024

To Members of the Board of Trustees and Citizens of
Illinois Valley Community College District No. 513:

The Annual Comprehensive Financial Report of Illinois Valley Community College (IVCC) District No. 513 (the College), counties of LaSalle, Bureau, Marshall, Lee, Putnam, DeKalb, Grundy, and Livingston, and the State of Illinois, for the fiscal year ended June 30, 2024, is hereby submitted. This Financial Report provides a snapshot of the College's financial performance and major initiatives, as well as an overview of trends in the local economy.

Financial Information

The accuracy and completeness, along with the fairness, of the presentation of this data is the responsibility of the College. We consider the data to be accurate in all material respects and to be presented in a manner which is designed to set forth the financial position and results of operations of the College. All disclosures enabling the reader to fully understand the financial affairs of the College have been included. This letter of transmittal should be read in conjunction with management's discussion and analysis, which focuses on current activities and factors that could affect the College's future.

The College maintains its accounts and prepares its financial statements in accordance with Generally Accepted Accounting Principles in the United States of America (GAAP) as set forth by Governmental and Financial Accounting Standards Boards (GASB and FASB), National Association of College and University Business Officers (NACUBO), and the Illinois Community College Board (ICCB). The financial records of the College are maintained on the accrual basis of accounting whereby all revenues are recorded when earned and all expenses are recorded when they have been reduced to a legal obligation to pay. The notes to the financial statements expand on and explain the financial statements and the accounting principles applied. The financial statements have been audited by our independent auditors, Sikich LLP. Their report is included as part of this financial presentation.

Illinois Valley Community College is subject to the authority of the Illinois Community College Board under the Illinois Board of Higher Education. The College is governed by the Board of Trustees, which is elected by the public and has the exclusive responsibility and accountability for the decisions it makes. The College has the statutory authority to adopt its own budget, levy taxes, and issue bonded debt without the approval of another government. It has the right to sue and be sued, and has the right to buy, sell, lease, or mortgage property in its own name. Based on these criteria, the College is considered a primary government. The College has determined that the Illinois Valley Community College Foundation is a component unit of the College because its resources directly benefit the College and its students. The College's management is responsible for establishing and maintaining an internal control structure designed to ensure that the assets

of the College are protected from loss, theft, or misuse, and to ensure that adequate accounting data is compiled for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be derived, and (2) the valuation of costs and benefits requires estimates and judgments by management.

The College maintains budgetary controls with the objective of complying with legal provisions in the annual appropriated budget approved by the College's Board of Trustees. The level of budgetary control (the level at which expenditures cannot exceed the appropriated amount) is established for each individual fund. The College also maintains an encumbrance accounting system as one technique of accomplishing budgetary control. Encumbered amounts lapse at year-end. Encumbrances are only re-authorized as part of the following year's budget when funds are available and with appropriate administrative approvals. As demonstrated by the statements and schedules included in the financial section of this report, the College continues to meet its responsibility for sound financial management.

The Illinois Public Community College Act requires an annual audit by independent certified public accountants selected by the Board of Trustees. The accounting firm of Sikich LLP was selected for this purpose. The auditor's opinion is unmodified. Tests are performed by the auditors to determine the adequacy of the internal control structure, including that portion related to federal financial assistance programs, as well as to determine that the College has complied with applicable laws and regulations. The results of the tests for the fiscal year ended June 30, 2024 provided no instances of material weaknesses in the internal control structure or violations of applicable laws and regulations.

Profile of the College

Illinois Valley Community College is a comprehensive community college that offers pre-baccalaureate programs for students planning to transfer to four-year colleges and universities. In addition, the College provides career preparation training, workforce development, and lifelong learning to the communities it serves. The College is the second oldest public community college in Illinois, established in 1924.

Illinois Valley Community College is accredited by the Higher Learning Commission (HLC) of the North Central Association of Colleges and Schools. In 2017 IVCC was granted accreditation through the Higher Learning Commission for another ten years, through 2026-2027. This also opened the opportunity for the College to change its pathway to accreditation. The three pathways to accreditation are:

- AQIP – emphasizes continuous quality improvement principles;
- Standard – for institutions that require more oversight from the Higher Learning Commission;
- Open – emphasizes the five criteria for accreditation and requires institutions to engage in improvement activities over the course of the accreditation cycle.

The five criteria are:

- Mission
- Integrity: Ethical and Responsible Conduct
- Teaching and Learning: Quality, Resources, and Support
- Teaching and Learning: Evaluation and Improvement
- Resources, Planning, and Institutional Effectiveness.

IVCC was under the Academic Quality Improvement Program (AQIP) from 2002 to 2017. The Open Pathway was selected and currently serves as the accreditation pathway best suited to IVCC's current resources.

The district is 2,058 square miles-wide, serving a population of approximately 142,053 people from all or parts of the following eight counties: LaSalle, Bureau, Marshall, Lee, Putnam, DeKalb, Grundy, and Livingston. The area surrounding the campus – located near the intersection of Interstates 39 and 80 – is conveniently situated in north-central Illinois, within a 60-mile radius of Rockford, Peoria, Bloomington-Normal, and Rock Island-Moline, and only 90 miles from Chicago. There are many economic opportunities and incentives for businesses and industrial firms, and expansive farmland which support a diverse industrial, service, and agricultural economy.

Enterprise Zones and Tax Increment Financing (TIF) districts offer additional incentives to conduct business in the Illinois Valley. There are three enterprise zones in the College's district:

- Ottawa Area Enterprise Zone – established 1/1/2016; expires 12/31/2030
- Streator Area Enterprise Zone – established 1/1/2016; expires 12/31/2030
- Bureau/Putnam Area Enterprise Zone – renewed 1/1/2017; expires 12/29/2031.

The College's district also includes more than 60 TIF districts.

The Board of Trustees were presented and approved at the January 18, 2024 Board meeting the new Vision, Mission and Core Values for the College. The work has continued as we evaluate the Institutional Goals that are the pillars we strive for as a part of our mission and our Strategic Goals that will guide us to achieve our vision of growing programs,

MISSION, VISION, CORE VALUES STRATEGIC GOALS AND OBJECTIVES

Mission

Illinois Valley Community College is dedicated to creating opportunities for students and our community by providing access to affordable, high-quality higher education and lifelong learning.

Vision

Illinois Valley Community College will foster personal and professional growth and well-being for our students and community through growing programs, updated facilities, and educational innovation.

Core Values

Achieving Excellence through our Core Values (I-Care)

Integrity- The commitment to honesty and fairness in actions and communication, fostering trust, and upholding ethical principles.

Compassion- A caring and empathetic approach to understanding and addressing the College community's challenges, accompanied by a genuine and caring response.

Accountability- Emphasizes the responsibility of individuals to take ownership of their actions, decisions, and outcomes. It involves a commitment to transparently and proactively fulfill one's duties, meet expectations for deadlines and performance, and acknowledge both successes and setbacks to foster continuous improvement.

Respect- Demonstrated through observable behaviors that include valuing diverse perspectives, treating others with courtesy, actively listening, and fostering an inclusive and collaborative environment.

Equity- Involves the purposeful dedication to creating policies and practices that recognize and accommodate the diverse needs of every student and employee so each individual has the opportunity to succeed and engage fully in campus life.

Strategic Goals and Objectives

1. **Growing programs to improve access and support for adult students.**
 - Expand Prior Learning Assessment (PLA).
 - Develop Competency Based Education options.
 - Develop an adult student support network.

2. Improve facilities to meet the needs of students, staff and faculty.

- Identify, enhance, and promote additional study rooms/study zones/quiet areas.
- Improve access to technology and improved learning environments in 9 classrooms through the distance learning grant.

3. Support educational innovation to enhance student learning and employee development.

- Identify targeted on-campus professional development opportunities for all employees.
- Work with facilities, IT, faculty and staff to identify classroom needs; including technology, furniture, teaching stations, and learning environments.
- Improve communication with and support for adjunct faculty.

Economic Condition and Outlook

The College's financial position continues to remain strong despite recent years with lower enrollments and the lack of State funding. This can be attributed to sound financial planning, budget performance, and a healthy property tax base. The operating funds have a fund balance equal to approximately 88 percent of the annual operating expenses.

The District's largest county, LaSalle County, is recognized as a leader in the use of tax increment financing (TIF) for the purpose of stimulating economic development. Under Illinois law, TIF districts may be established by municipalities to freeze the amount of property tax revenue collected by taxing bodies for up to 23 years and direct the increment to a special fund for infrastructure development, as determined by the cities or villages that adopt TIF ordinances. Since property tax revenue makes up more than one-third of the College's total revenue, the Board has taken the position that the College must aggressively seek intergovernmental agreements with cities and villages that adopt TIF district financing with the goal of making the College "whole" on such projects and protecting the College's tax base. Approximately \$224 million, or 5.23percent, of the College's tax base is in TIF districts.

In developing the College's fiscal year 2025 budget, property tax revenues are projected to increase by 2.1 percent, or \$385,186. This slight increase is due to the 4 percent increase in EAV. Per GASB 33, 50 percent of the tax revenue is recognized in the tax year and 50 percent in the following year. For example, 50 percent of tax year 2024 is recognized in fiscal year 2024 and 50 percent in fiscal year 2025.

Tuition revenue is estimated to increase with slight growth in enrollments projected in the 2024-2025 academic year and with a \$3.00 per hour increase in tuition and a \$2.00 per hour increase in student technology fees. The College continues to assess and adapt to the post-pandemic world and the lasting impact it will have on higher education and course content delivery. It is important that the College ensures the infrastructure is sufficient to support a virtual environment. In addition, not everyone in the College district has access to a computer and reliable internet service. The College is committed to helping students by loaning laptop computers and providing "hot spots" for internet connections. Not everyone learns well in a remote environment, so it is still imperative that a wide selection of courses is offered in a traditional format as well. The College continues to evaluate what is the optimal mix of courses to offer.

State funding has been relatively consistent for the past five years. For the FY2024 Budget, the State of Illinois approved a 7 percent increase to the community college system. The College's FY2024 budget was conservatively built with a 5 percent increase to the base operating grant. FY2024 Actual came in at an 11 percent increase. The FY2025 Budget was built on a 2 percent increase to the base operating grant. In addition, the FY2025 budget includes several state grants that were awarded as specific initiatives to assist with gaps identified post-pandemic. They include the following; PATH (Pipeline for Advancement of Healthcare Workforce Program) grant and the Non-Credit Workforce grant. FY2024 was the final year for the ECACE (Early Childhood Access Consortium for Equity) grant and the Innovative Bridge grant with the initiatives built with those grants being rolled into the operational budget in FY2025.

The FY2025 budget is balanced and includes approximately \$181,061 in contingency funds. With the uncertainties of the CPPRT reductions and increased prices due to inflation, it is important to have contingency and reserve funds available for shortfalls or improvements to an aging infrastructure as we continue to evaluate the optimum mix of campus learning, hybrid models and online learning. While maintaining brick and mortar buildings, it is also imperative to have a robust technology infrastructure.

Illinois Community College Board Goals

1. Smooth the transition for all students into and through Postsecondary Education.
2. Contribute to the economic development of Illinois by providing robust workforce training, increasing credential attainment, and closing the skills gap through talent pipeline management.
3. Engage with all stakeholders to align board policies to improve student outcomes and increased access to public information on system effectiveness.

Illinois Valley Community College Fiscal Year 2025 Initiatives

1. Maintain fiscal discipline, financial reporting, and adequate financial reserves.
2. Continue positive enrollment trends.
3. Update facilities through planning with an emphasis on immediate needs.
4. Lead with academic excellence.

Capital Improvements

In Fiscal Year 2023, the College started a number of Capital improvements including the State of Illinois' Capital Development Board project to complete exterior building upgrades, Medical Assisting Lab upgrades, and D201 CETLA/Fine Arts space renovation.

These three projects were completed or in substantial completion by the end of Fiscal Year 2024. Fiscal Year 2024 also saw the College begin the work on campus-wide lighting upgrades, parking lot cameras, and the salt shed replacement. These projects will be completed in Fiscal Year 2025.

Additional projects slated for Fiscal Year 2025 include the loading dock replacement, building C structural repairs, design phases of the Microbiology, Assessment Center, and Classroom upgrades and the site work/groundbreaking of the new Agriculture Education Center.

Debt Administration

The College is one of the very few community colleges that has no bonded debt as of June 30, 2024. Please refer to Note 5 of the basic financial statements for further information on the long-term debt of the College.

Awards and Acknowledgements

The College has been awarded a “Certificate of Achievement for Excellence in Financial Reporting” from the Government Finance Officers Association of the United States and Canada annually for the years ending June 30, 1994 through 2023.

In order to be awarded the certificate, the College must publish an easy-to-read and efficiently organized comprehensive annual report with contents that conform to program standards. The report must satisfy both generally accepted accounting principles and applicable legal requirements. The “Certificate of Achievement for Excellence in Financial Reporting” is valid for a period of one year.

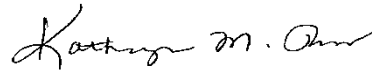

We wish to thank the College’s Board of Trustees for their interest and support in conducting the financial operations of the College to the degree of “excellence” necessary for continuance of operation of the College in a responsible and progressive manner.

The preparation of this document was made possible by the dedicated service of the College’s Business Services and Finance staff. We wish to express our sincere appreciation to all members of the department for their loyalty and commitment to providing high-quality reports for all College stakeholders.

Respectfully submitted,

Dr. Tracy Morris

INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Illinois Valley Community College
Illinois Community College
District Number 513
Oglesby, Illinois

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the business-type activities and the discretely presented component unit, Illinois Valley Community College Foundation (the Foundation), of Illinois Valley Community College - Illinois Community College District Number 513 (the College), as of and for the year ended June 30, 2024, and the related notes to financial statements, which collectively comprise the College's basic financial statements as listed in the accompanying table of contents.

In our opinion, based on our audit and report of the other auditor, the basic financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of the business-type activities and the discretely presented component unit, Illinois Valley Community College Foundation, of Illinois Valley Community College - Illinois Community College District Number 513 as of June 30, 2024, and the changes in financial position and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Prior Period Financial Statements

The financial statements of the College as of June 30, 2023 were audited by Sikich LLP, whose report dated January 30, 2024, expressed an unmodified opinion of those financial statements. Effective as of April 30, 2024, Sikich LLP reorganized and transferred its attest practice to Sikich CPA LLC, a Virginia limited liability company.

Basis for Opinions

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statements of the Foundation were not audited in accordance with *Government Auditing Standards*. Our responsibilities under these standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the College and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audits.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary information listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context.

We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audits were conducted for the purpose of forming opinions on the financial statements that collectively comprise the College's basic financial statements. The supplementary information, uniform financial statements, and supplemental financial information is presented for purposes of additional analysis and is not a required part of the basic financial statements. The supplementary information, uniform financial statements, and supplemental financial information is the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements.

The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information, uniform financial statements, and supplemental financial information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audits of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 2, 2024, on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting and compliance.

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Board of Trustees
Illinois Valley Community College
District Number 513
Oglesby, Illinois

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities and the discretely presented component unit of Illinois Valley Community College - Illinois Community College District No. 513 (the College) as of and for the year ended June 30, 2024, and the related notes to financial statements, which collectively comprise of the College’s basic financial statements, and have issued our report thereon dated December 2, 2024. The financial statements of Illinois Valley Community College Foundation were not audited in accordance with *Government Auditing Standards*, and accordingly, this report does not include reporting on internal control over financial reporting or instances of reportable noncompliance associated with Illinois Valley Community College Foundation.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the College’s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College’s internal control. Accordingly, we do not express an opinion on the effectiveness of the College’s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the College's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENT DISCUSSION AND ANALYSIS

For the year ended June 30, 2024

Using This Annual Report

This section of the Illinois Valley Community College's Annual Comprehensive Financial Report offers the reader management's discussion and analysis of the College's financial performance for the fiscal years ended June 30, 2024, 2023 and 2022.

Since this management's discussion and analysis is designed to focus on current activities, resulting change and currently known facts, please read it in conjunction with the transmittal letter, the College's basic financial statements, notes to the financial statements, and required and other supplementary information.

Overview of the Financial Statements

The financial statements focus on the College as a whole, versus the traditional presentation by fund type. The College financial statements are designed to emulate corporate presentation models whereby all of the College's activities are consolidated into one total.

The Statement of Net Position presents the financial position of the College at the end of the fiscal year and requires classification of assets and deferred outflows of resources and liabilities and deferred inflows of resources into current and noncurrent categories. The difference between total assets and deferred outflows and total liabilities and deferred inflows is reflected in the net position section, which displays net position in three broad categories: net investment in capital assets, restricted and unrestricted. Net position is one indicator of the current financial condition of the College, while the change in net position is an indicator of whether the overall financial condition has improved or worsened during the year.

The Statement of Revenues, Expenses and Changes in Net Position categorizes revenues and expenses as operating and non-operating, and expenses are reported by natural classification. This approach is intended to summarize and simplify the user's analysis of the cost of various College services to the students and public.

The Statement of Cash Flows presents information related to cash inflows and outflows. Government Accounting Standards Board (GASB) principles include four major sources of cash flows: cash flows from operating activities, cash flows from non-capital financing activities, cash flows from capital financing activities, and cash flows from investing activities.

The Illinois Valley Community College Foundation is administered and operated exclusively for the benefit of the College. However, the Foundation is not a subsidiary or affiliate of the College and is not directly or indirectly controlled by the College. The resources of the Foundation are distributed at the discretion of the Foundation's independent board of directors in accordance with donor directions and Foundation policy.

Although the Foundation is independent of the College and a separate legal entity, the College as concluded that the Foundation is a "component unit" of the College as defined by GASB Statements Nos. 39 and 61. Therefore, the Foundation's financial statements are included in the College's financial statements in a separate column. See the notes to the financial statements for further discussion.

MANAGEMENT DISCUSSION AND ANALYSIS

For the year ended June 30, 2024

Net position may serve over time as a useful indicator of an entity's financial position. In the case of the College, assets and deferred outflows exceeded liabilities and deferred inflows at the close of the fiscal years ended June 30, 2024, 2023 and 2022 by \$86,548,469, \$82,848,030, and \$75,683,913, respectively.

Fiscal Year 2024 Compared to 2023

Current assets increased by \$2.4 million of which \$1.9 is in investments and accrued interest, \$1.0 in accounts receivable, taxes, offset by a decrease of \$0.4 in cash and \$0.1 net decrease in prepaid items, lease receivable and inventories. The non-current assets increased by \$0.3 million, where the increase in construction in progress increased by \$1.7 million, the increase in accumulated depreciation of \$3.9 million exceeded new investments in capital assets (net of write-offs) of \$2.3 million and the increase in new investments in intangible capital assets (net of write-offs) of \$1.0 million exceeded the accumulated amortization of \$0.8 million.

Current liabilities increased by \$0.4 million, mainly due to \$0.2 increase in lease payable, current portion, \$0.1 increase in SBITA payable, current portion, \$0.1 increase in compensated absences, current portion and \$0.8 increase in unearned revenue offset by a decrease of \$0.8 in other accrued liabilities. Non-current liabilities increased by \$0.3 million. While there was an \$0.5 decrease in SBITA payable, this was offset by \$0.5 increase in lease payable and \$0.3 increase in OPEB liability.

As a result of all the factors described in this section, total net position at June 30, 2024 increased by \$3.7 million from last year.

Fiscal Year 2023 Compared to 2022

Current assets increased by \$4.9 million of which \$2.9 is in investments, \$3.3 in accounts receivable, taxes, offset by a decrease \$0.9 in cash and \$0.4 in prepaid items and inventories. The non-current assets increased by \$3.3 million, where the increase in accumulated depreciation of \$2.6 million exceeded new investments in capital assets (net of write-offs) of \$2.1 million and the increase in new investments in intangible capital assets of \$2.5 million due to the College's implementation of GASB Statement No. 96, *Subscription-Based Information Technology Arrangements* (SBITA) exceeded the accumulated amortization of \$0.4 million.

ILLINOIS VALLEY COMMUNITY COLLEGE DISTRICT NO. 513**MANAGEMENT DISCUSSION AND ANALYSIS**

For the year ended June 30, 2024

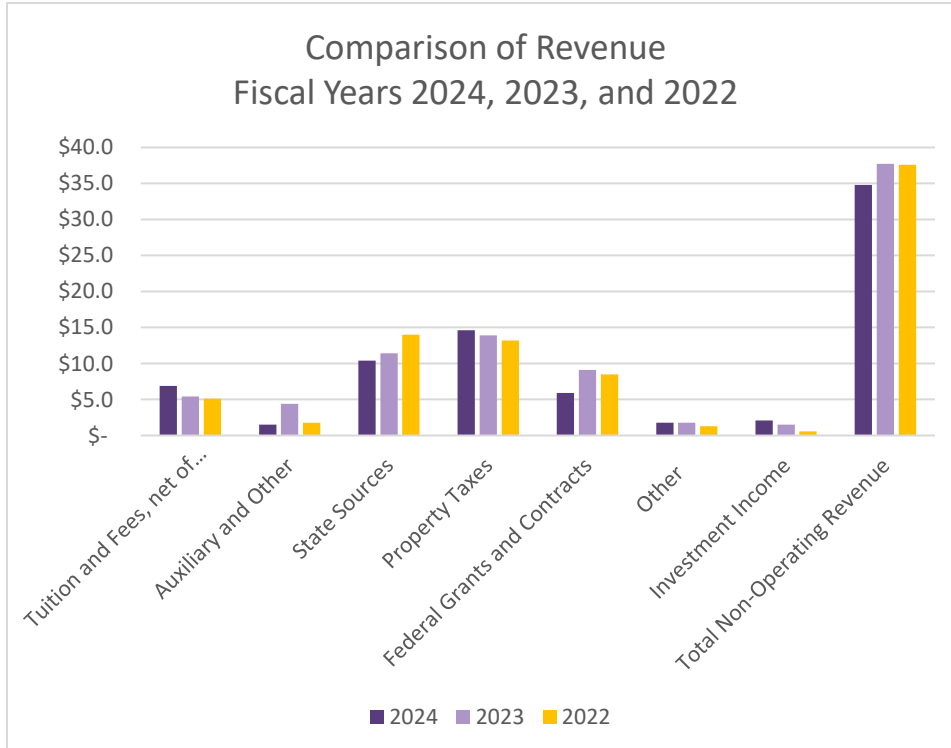

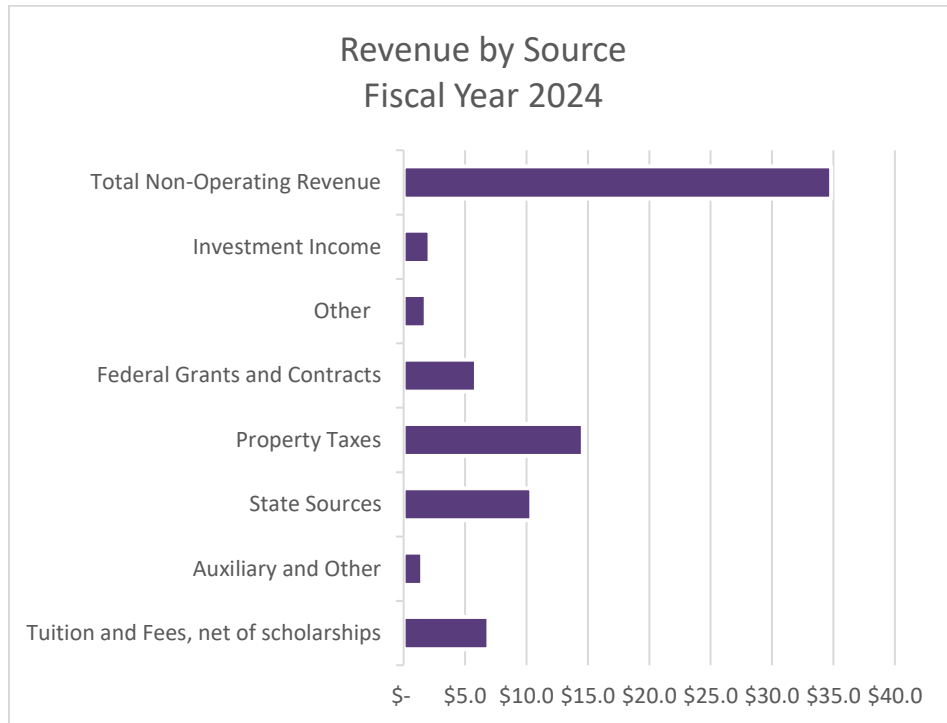

Current liabilities increased by \$1.1 million, mainly due to \$0.3 increase in other accrued liabilities, \$0.5 increase in SBITA payable, current portion and \$0.3 increase in unearned revenue. Non-current liabilities decreased by \$5.4 million. While there was an \$1.6 increase in SBITA payable, this was offset by \$7 combined decrease in the CIP and College OPEB liability.

As a result of all the factors described in this section, total net position at June 30, 2023 increased by \$7.1 million from last year.

Fiscal Year 2024 Compared to 2023

Operating revenue decreased \$1.4 million due to a \$2.9 million decrease in auxiliary services revenue and other operating revenue. Fiscal Year 2023 was the first year College recognized in other operating revenue the College's dividends in the Community College Health Consortium of \$2.1. Fiscal Year 2024 dividends were \$0.6 million. Student tuition and fees increased by \$1.5 due to an increase in credit hours and a \$2.00 per credit hour increase to the student technology fee.

Operating expenses decreased \$0.9 million due mainly to the decrease in utility costs as inflation has gone down in that cost category. In addition, we no longer have the HEERF student assistance awards in Fiscal Year 2024.

Non-operating revenue decreased by \$2.9 million. This is mostly due to the net of an increase in investment income and local property taxes offset by a decrease in state grants which includes on-behalf of SURS from FY24 to FY23 and in federal grants, specifically the HEERF pandemic relief funds.

Fiscal Year 2023 Compared to 2022

Operating revenue increased \$2.9 million due to a \$0.2 million increase in auxiliary services revenue with the addition of food service as an auxiliary function and a \$2.2 million increase in other operating revenue driven by the recognition of the College's dividends in the Community College Health Consortium.

Operating expenses decreased \$0.9 million due mainly to the net of a decrease in employee benefits across all functions with the decrease in on-behalf of SURS and OPEB expense.

Non-operating revenue increased by \$0.1 million. This is mostly due to the net of an increase in investment income and a decrease in state grants which includes on-behalf of SURS from FY23 to FY22. Fiscal Year 2023 saw the HEERF pandemic relief funds being fully expended.

MANAGEMENT DISCUSSION AND ANALYSIS

For the year ended June 30, 2024

Currently Known Facts and Conditions

FY2024 brought new leadership to the College after the retirement of Dr. Jerome Corcoran. Dr. Tracy Morris became the eleventh president of Illinois Valley Community College on July 1, 2023. With new leadership came changes in organizational structure and the tasks of updating the College Strategic Plan and College Master Plan. Great progress was made on both plans during the fiscal year. The College's newly adopted vision of ... *"fostering personal and professional growth and well-being for our students and community through growing programs, updated facilities, and educational innovation"* helped prioritize needs in the FY2025 budget. FY2025 includes a \$5.00 per credit hour increase to tuition and fees. This 3.7 percent increase is the first tuition increase in more than five years. The \$5.00 increase includes \$3.00 for tuition and \$2.00 for the student technology fee. Post-pandemic higher education has seen increased technology needs. The FY2025 budget also includes a transfer from the College's Working Cash Fund investment income. This transfer will be used for IT and capital improvements identified as either updating outdated facilities or equipment or providing educational innovation. With the College's healthy fund balance of 88 percent of annual operating expenses and board policy allowing the College to use fund balance reserves for Master Plan initiatives, the College along with the Board of Trustees Facilities and Audit/Finance Committees have identified and prioritized projects that will update our facilities. At the end of Fiscal Year 2025, the following renovations will begin; a stand-alone microbiology lab/classroom, assessment center relocation/renovation, and classroom renovations to install distance learning equipment. Protection, Health and Safety (PHS) funds and fund balance reserves will help support these initiatives. The College also previously identified a new building to support the growth of the agriculture program. We were awarded a \$3.5 million grant from the U.S. Department of Commerce, approximately half of the budgeted \$7.8 million needed to complete the state-of-the-art agricultural learning space. Management is optimistic that ground-breaking for this new facility will be in the Spring of 2025 with occupancy occurring by late summer 2026. Management continues to be optimistic for the future of enrollments with all of these initiatives. Management will continue to monitor enrollments, investigate future grant opportunities, and ensure strategic and master planning initiatives continue to be part of the FY2026 budgeting process.

NOTES TO FINANCIAL STATEMENTS

June 30, 2024 and 2023

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Illinois Valley Community College District Number 513 (the College) is subject to the authority of the Illinois Community College Board under the Illinois Board of Higher Education. The College was initially created in 1924 as LaSalle-Peru-Oglesby Junior College. In 1967, the voters in Putnam and portions of Bureau, DeKalb, Grundy, LaSalle, Lee, Livingston and Marshall Counties approved the establishment of Community College District Number 513. The College is governed by a seven-member Board of Trustees who are elected to six-year staggered terms through district-wide voting. The Board of Trustees has three officers (chairperson, vice chairperson and secretary) elected on a bi-annual basis.

The financial statements of the College have been prepared in conformity with accounting principles generally accepted in the United States of America, as applied to government units (hereinafter referred to as generally accepted accounting principles (GAAP)). The Governmental Accounting Standards Board (GASB) is the standard-setting body for governmental accounting and financial reporting principles. In addition, the College presents its financial statements in accordance with accounting practices prescribed or permitted by the Illinois Community College Board. The following is a summary of the more significant policies of the College.

a. Financial Reporting Entity

The College is a separate legal entity established under Illinois Compiled Statutes (ILCS) governed by an elected Board of Trustees. The College is fiscally independent and is considered a primary government pursuant to GASB Statement No. 14 as amended by GASB Statement No. 61. The College has determined that the Illinois Valley Community College Foundation (the Foundation), a fund raising organization that supports the College, meets the requirements of GASB Statement No. 39, Determining Whether Certain Organizations Are Component Units, an amendment of GASB Statement 14, which has resulted in the Foundation being reported as a discretely presented component unit of the College as it is legally separate from the College.

Complete financial statements for the Illinois Valley Community College Foundation (the Fountain) may be obtained at the Foundation's administrative office: Illinois Valley Community College Foundation 815 N. Orlando Smith Road Oglesby, Illinois 61348.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

b. Measurement Focus, Basis of Accounting and Basis of Presentation

For financial reporting purposes, the College is considered a special-purpose government engaged only in business-type activities. Accordingly, the College's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned and expenses are recorded when an obligation has been incurred. All significant intra-agency transactions have been eliminated.

Non-exchange transactions, in which the College receives value without directly giving equal value in return, include property taxes, federal, state and local grants, state appropriations and other contributions. On an accrual basis, revenue from property taxes is recognized in the period for which the levy is intended to finance. Revenue from grants, state appropriations and other contributions is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include (1) timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; (2) matching requirements, in which the College must provide local resources to be used for a specified purpose; and (3) expense requirements, in which the resources are provided to the College on a reimbursement basis.

The College reports unearned/deferred revenue on its statements of net position. Unearned revenues arise when a potential revenue does not meet both the measurable and earned criteria for recognition in the current period. Unearned revenues also arise when resources are received by the College before it has a legal claim to them, as when grant monies are received prior to meeting all eligibility requirements. Deferred revenue results from property taxes being levied and reported as a receivable before the period for which the taxes are levied. In subsequent periods, when both revenue recognition criteria are met or when the College has met all eligibility requirements, the liability for unearned/deferred revenue is removed from the statements of net position and revenue is recognized. Tuition and fee revenues related to courses primarily held after June 30, 2024 and 2023 are reported as unearned tuition and fees.

c. Accounting Estimates

The preparation of the financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows, liabilities and deferred inflows and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses, including functional allocations during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

d. Cash and Cash Equivalents

The College considers cash equivalents to include all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

e. Investments

The College's investments, with maturities less than one year when purchased and all certificates of deposit, are reported at cost or amortized cost. Investments, with a maturity greater than one year at the time of purchase, are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is based on published fair values on June 30, 2024 and 2023. Realized and unrealized gains and losses are reflected in the appropriate statements of revenues, expenses and changes in net position.

f. Prepaid Items

Payments for goods and services that benefit future periods are recorded as prepaid items.

g. Inventories

Inventories are stated at the lower of cost, determined on the first-in/ first-out basis or market. Inventories consist primarily of items held for resale by the bookstore.

h. Capital Assets

Capital assets include property, plant, equipment and infrastructure assets, such as roads and sidewalks. Capital assets are defined by the College as assets with an initial unit cost of \$5,000 or more and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated acquisition value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Intangible assets represent the College's right-to-use leased assets and software. These intangible assets, as defined by GASB Statement No. 87, *Leases*, and GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*, are for lease contracts of nonfinancial assets and software.

h. Capital Assets (Continued)

Capital assets of the College are depreciated using the straight-line method over the following useful lives:

Assets	Years
Buildings	50
Site improvements	15
Equipment	8
Library books	8
Technology	4

i. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

j. Compensated Absences

Compensated absences are those absences for which employees will be paid, such as vacations. A liability for compensated absences that are attributable to services already rendered and that are not contingent on a specific event that is outside the control of the College and its employees is accrued as employees earn the rights to the benefits. Compensated absences that relate to future services or that are contingent on a specific event that is outside the control of the College and its employees are accounted for in the period in which such services are rendered or in which such events take place. Vacation leave can be accumulated up to 160 hours. Sick leave does not vest and is accumulated at a rate of 12 days per year. As of June 30, 2024 and 2023, all vested vacation days have been accrued.

NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

k. Long-Term Obligations

Long-term obligations are reported as liabilities in the applicable financial statements. Bond premiums and discounts, as well as the unamortized loss on refunding are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenses.

l. Net Position

Net Investment in Capital Assets

Represents the College's total investment in capital assets, net of accumulated depreciation and the outstanding debt used to purchase capital assets.

Restricted Net Position

Includes resources that the College is legally or contractually obligated to spend in accordance with restrictions imposed by external third parties. When both restricted and unrestricted resources are available for use, it is the College's policy to use restricted resources first, then unrestricted resources when they are needed. None of the College's restricted net position is restricted as a result of enabling legislation of the College.

Unrestricted Net Position

Includes resources derived from student tuition and fees, state appropriations, sales and service fees and auxiliary services. These resources are used for transactions relating to the educational and general operations of the College and may be used at the discretion of the governing board to meet current expenses for any purpose.

m. Receivables

Accounts receivable includes uncollateralized student obligations, which generally require payment by the first day of class unless a payment plan through a third party has been established. Accounts receivable are stated at the invoice amount.

Account balances unpaid at the end of the term are considered delinquent. Payments of accounts receivable are applied to the specific invoices identified on the student's remittance advice or, if unspecified, to the earliest unpaid invoices.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

m. Receivables (Continued)

The carrying amount of accounts receivable is reduced by a valuation allowance that reflects management's best estimate of amounts that will not be collected. The allowance for doubtful accounts is based on management's assessment of the collectability of specific student accounts and the aging of the accounts receivable. If the actual defaults are higher than the historical experience, management's estimates of the recoverability of amounts due could be adversely affected.

Accounts receivable also includes outstanding balances due from federal and state funding sources and other miscellaneous items.

n. Federal Financial Assistance

The College participates in federally funded Pell Grants, SEOG Grants, Federal Work-Study and the Stafford Direct Loan Program that are audited in accordance with the Uniform Guidance (Single Audit Act Amendments of 1996), the United States Office of Management and Budget Uniform Guidance and the Compliance Supplement.

o. Pension and Other Postemployment Benefit Revenue and Expense

The College applies the requirements of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, whereby the State of Illinois is responsible for the employer contribution and the total pension liability resulting from a special funding situation. Therefore, for the fiscal years ended June 30, 2024 and 2023, the College has reported its proportionate share of the collective pension expense and revenue for the state's contribution. In addition, the College applies the requirements of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, whereby the State of Illinois is responsible for 50% of both employer contribution and the total other postemployment benefit (OPEB) liability resulting from a special funding situation. Therefore, for the fiscal years ended June 30, 2024 and 2023, the College has reported its proportionate share of the collective OPEB expense and revenue for the state's contribution in addition to reporting the College's proportionate share of the OPEB liability and related expense.

p. Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

q. Reclassifications

Certain amounts in the prior year financial statements have been reclassified for comparative purposes to conform to the presentation in the current year financial statements. Such reclassification had no effect on the reported beginning net position.

2. CASH, CASH EQUIVALENTS AND INVESTMENTS

The Board of Trustees has authorized the College to invest funds in accordance with the Illinois Community College Act and the Investment of Public Funds Act. In general, the College may invest in obligations of the United States of America or its agencies (or guaranteed by the full faith and credit of same) and certain time deposits and short-term obligations as defined in the Investment of Public Funds Act.

The Illinois Public Treasurers' Investment Pool, known as The Illinois Funds, operates as a qualified external investment pool in accordance with the criteria established in GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*, and thus, reports all investments at amortized cost rather than fair value. The investment in The Illinois Funds by participants is also reported at amortized cost. The Illinois Funds does not have any limitations or restrictions on participant withdrawals. The Illinois Treasurer's Office issues a separate financial report for The Illinois Funds which may be obtained by contacting the Administrative Office at Illinois Business Center, 400 West Monroe Street, Suite 401, Springfield, Illinois 62704. The credit rating provided by Standard & Poor's of The Illinois Funds was AAAM at June 30, 2024 and 2023.

Deposits

Custodial credit risk for deposits with financial institutions is the risk that in the event of bank failure, the College's deposits may not be returned to it. The College's investment policy requires pledging of collateral for all bank balances in excess of federal depository insurance with the collateral held by an independent third party in the College's name.

Investments

The College categorizes its fair value measurements within the fair value hierarchy established by GAAP. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

Investments (Continued)

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. In accordance with its investment policy, the College limits its exposure to interest rate risk by structuring the portfolio to provide liquidity for operating funds and maximizing yields for funds not needed within a two-year period. The investment policy does not strictly limit the maximum maturity lengths of investments.

The College limits its exposure to credit risk, the risk that the issuer of a debt security will not pay its par value upon maturity, by primarily investing in obligations guaranteed by the United States Government or securities issued by agencies of the United States Government that are explicitly guaranteed by the United States Government and municipal bonds rated in the highest four rating categories by a national rating agency. The College's investments in U.S. agency obligations, U.S. Treasury obligations, corporate bonds and municipal bonds are rated AA to BBB+ by Standard and Poor's. The College's investments in negotiable certificates of deposit are not rated.

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to the investment, the College will not be able to recover some or all of the investment that is in possession of an outside party. To limit its exposure, the College's investment policy requires all security transactions that are exposed to custodial credit risk to be processed on a delivery versus payment (DVP) basis with the underlying investments held by a third party acting as the College's agent separate from where the investment was purchased. The Illinois Funds and the Illinois School District Liquid Asset Fund are not subject to custodial credit risk.

Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The Public Funds Investment Act limits investments in short-term obligations of corporations to no more than one-third of college funds. Not more than 75% of the funds available for investment may be placed in a single allowable investment instrument or with a single investment entity.

Concentration of credit risk - At June 30, 2024, the College did not have individual investments that exceed 5% of total investments. At June 30, 2023, the College did not have individual investments that exceed 5% of total investments.

Derivatives - The College's investment policy specifically prohibits the use of or the investment in derivatives.

3. PROPERTY TAXES

The following information gives significant dates on the property tax calendar of the College:

- The property tax lien date is January 1;
- The annual tax levy ordinance of 2023 was passed in December 2023 and the annual tax levy ordinance of 2022 was passed in December 2022;
- Property taxes are due to the County Collectors in two installments, June 1 and September 1; and
- The College receives the majority of its distributions in May through October 2024 and 2023.

Property taxes are recognized as revenue in the year intended to finance, regardless of when collected. The second half of the 2022 levy and the first half of the 2023 levy are recognized as revenue in the 2024 fiscal year. The second half of the 2023 levy is intended to finance the 2025 fiscal year and, accordingly, is reported as deferred revenue. The 2024 tax levy, which attached as an enforceable lien on property as of January 1, 2024, has not been recorded as a receivable as of June 30, 2024 as the tax has not yet been levied and will not be levied until December 2024 and, therefore, the levy is not measurable at June 30, 2024.

The referendum approved rates and the respective actual rates for the December 2023 and 2022 tax levies, per \$100 of assessed valuation, are reflected in the following table:

7. PENSION PLAN

Plan Description

The College contributes to the State Universities Retirement System of Illinois (SURS or the System), a cost-sharing multiple-employer defined benefit pension plan with a special funding situation whereby the State of Illinois makes substantially all actuarially determined required contributions on behalf of the participating employers. SURS was established July 21, 1941 to provide retirement annuities and other benefits for staff members and employees of the state universities, certain affiliated organizations and certain other state educational and scientific agencies and for survivors, dependents and other beneficiaries of such employees. SURS is considered a component unit of the State of Illinois' financial reporting entity and is included in the state's financial reports as a pension trust fund. SURS is governed by Section 5/15, Chapter 40, of the Illinois Compiled Statutes. SURS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by accessing the website at www.SURS.org.

Benefits Provided

A traditional benefit plan was established in 1941. Public Act 90-0448 enacted effective January 1, 1998, established an alternative defined benefit program known as the portable benefit package. The traditional and portable plan Tier 1 refers to members that began participation prior to January 1, 2011. Public Act 96-0889 revised the traditional and portable benefit plans for members who begin participation on or after January 1, 2011, and who do not have other eligible Illinois reciprocal system services. The revised plan is referred to as Tier 2. New employees are allowed six months after their date of hire to make an irrevocable election. A summary of the benefit provisions can be found in the System's comprehensive annual financial report notes to the financial statements.

7. PENSION PLAN (Continued)

Contributions

The State of Illinois is primarily responsible for funding the System on behalf of the individual employers at an actuarially determined amount. Public Act 88-0593 provides a Statutory Funding Plan consisting of two parts: (i) a ramp-up period from 1996 to 2010 and (ii) a period of contributions equal to a level percentage of the payroll of active members of the System to reach 90% of the total Actuarial Accrued Liability by the end of Fiscal Year 2045. Employer contributions from “trust, federal and other funds” are provided under Section 15-155(b) of the Illinois Pension Code and require employers to pay contributions which are sufficient to cover the accruing normal costs on behalf of applicable employees. The employer normal cost for fiscal year 2023 and 2024 was 12.83% and 12.53%, respectively, of covered payroll.

The normal cost is equal to the value of current year’s pension benefit and does not include any allocation for the past unfunded liability or interest on the unfunded liability. Plan members are required to contribute 8% of their annual covered salary except for police officers and firefighters who contribute 9.50% of their earnings. The contribution requirements of plan members and employers are established and may be amended by the Illinois General Assembly.

Participating employers make contributions toward separately financed specific liabilities under Section 15.139.5(e) of the Illinois Pension Code (relating to contributions payable due to the employment of “affected annuitants” or specific return to work annuitants) and Section 15.155(g) (relating to contributions payable due to earning increases exceeding 6% during the final rate of earnings period).

- a. Pension Liabilities, Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Net Pension Liability

At June 30, 2023 and 2022, SURS reported a net pension liability (NPL) of \$29,444,538,098 and \$29,078,053,857, respectively. The net pension liability was measured as of June 30, 2023 and 2022, respectively.

Employer Proportionate Share of Net Pension Liability

For the year ended June 30, 2024, the amount of the proportionate share of the net pension liability to be recognized for the College is \$0. The proportionate share of the state's net pension liability associated with the College is \$86,052,840 or 0.2923%. This amount is not recognized in the financial statement due to the special funding situation. The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined based on the June 30, 2022 actuarial valuation rolled forward. The basis of allocation used in the proportionate share of net pension liability is the actual reported pensionable earnings made to SURS during fiscal year 2023.

For the year ended June 30, 2023, the amount of the proportionate share of the net pension liability to be recognized for the College is \$0. The proportionate share of the state's net pension liability associated with the College is \$87,141,693 or 0.2997%. This amount is not recognized in the financial statement due to the special funding situation. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined based on the June 30, 2021 actuarial valuation rolled forward. The basis of allocation used in the proportionate share of net pension liability is the actual reported pensionable earnings made to SURS during fiscal year 2022.

Pension Expense

At June 30, 2023 and 2022, SURS reported a collective net pension expense of \$1,884,388,521 and \$1,903,314,699, respectively.

Employer Proportionate Share of Pension Expense

The College's proportionate share of collective net pension expense is recognized as both revenue and matching expense in the 2024 financial statements. The basis of allocation used in the proportionate share of collective pension expense is the actual reported pensionable earnings made to SURS during fiscal year 2023. As a result, the College recognized revenue and pension expense of \$5,507,201 for the fiscal year ended June 30, 2024.

b. Assumptions and Other Inputs

Actuarial Assumptions

The actuarial assumptions used in the June 30, 2023 valuation were based on the results of an actuarial experience study for the period June 30, 2017 to 2020. The total pension liability in the June 30, 2023 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25%
Salary increases	3.00% to 12.75%, including inflation
Investment rate of return	6.50% beginning with the actuarial valuation as of June 30, 2022

Mortality rates were based on the Pub-2010 employee and retiree gender distinct tables with projected generational mortality and a separate mortality assumption for disabled participants.

The actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study for the period June 30, 2017 to 2020. The total pension liability in the June 30, 2022 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25%
Salary increases	3.00% to 12.75%, including inflation
Investment rate of return	6.50% beginning with the actuarial valuation as of June 30, 2022

Mortality rates were based on the Pub-2010 employee and retiree gender distinct tables with projected generational mortality and a separate mortality assumption for disabled participants.

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return were adopted by the plan's trustees after considering input from the plan's investment consultant(s) and actuary(s).

Discount Rate

2024

A single discount rate of 6.37% was used to measure the total pension liability. This single discount rate was based on an expected rate of return on pension plan investments of 6.50% and a municipal bond rate of 3.86% (based on the weekly rate closest to but not later than the measurement date of the 20-Year Bond Buyer Index as published by the Federal Reserve). The projection of cash flows used to determine this single discount rate were the amounts of contributions attributable to current plan members and assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the statutory contribution rates under the System’s funding policy. Based on these assumptions, the pension plan’s fiduciary net position and future contributions were sufficient to finance the benefit payments through the year 2074. As a result, the long-term expected rate of return on pension plan investments was applied to projected benefit payments through the year 2074, and the municipal bond rate was applied to all benefit payments after that date.

Sensitivity of the System’s Net Pension Liability to Changes in the Discount Rate

Regarding the sensitivity of the net pension liability to changes in the single discount rate, the following presents the plan’s net pension liability, calculated using a single discount rate of 6.37% for 2023, as well as what the plan’s net pension liability would be if it were calculated using a single discount rate that is 1 percentage point lower or 1 percentage point higher:

	Current Single Discount Rate		
	1% Decrease (5.37%)	Assumption (6.37%)	1% Increase (7.37%)

Defined Contribution Pension Plan

a. Plan Description

The College contributes to the Retirement Savings Plan (RSP) administered by the State Universities Retirement System (SURS), a cost-sharing multiple-employer defined contribution pension plan with a special funding situation whereby the State of Illinois (State) makes substantially all required contributions on behalf of the participating employers. SURS was established July 21, 1941, to provide retirement annuities and other benefits for staff members and employees of state universities, certain affiliated organizations and certain other state educational and scientific agencies and for survivors, dependents and other beneficiaries of such employees. SURS is governed by Chapter 40, Act 5, Article 15 of the Illinois Compiled Statutes. SURS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by accessing the website at www.SURS.org. The RSP and its benefit terms were established and may be amended by the State's General Assembly.

b. Benefits Provided

A defined contribution pension plan, originally called the Self-Managed Plan, was added to SURS benefit offerings as a result of Public Act 90-0448 enacted effective January 1, 1998. The plan was renamed the RSP effective September 1, 2020, after an extensive plan redesign. New employees are allowed six months after their date of hire to make an irrevocable election whether to participate in either the traditional or portable defined benefit pension plans or the RSP. A summary of the benefit provisions as of June 30, 2023 and 2022, can be found in SURS Annual Comprehensive Financial Report - Notes to the Financial Statements.

c. Contributions

All employees who have elected to participate in the RSP are required to contribute 8% of their annual covered earnings. Section 15-158.2(h) of the Illinois Pension Code provides for an employer contribution to the RSP of 7.60% of employee earnings. The State is primarily responsible for contributing to the RSP on behalf of the individual employers. Employers are required to make the 7.60% contribution for employee earnings paid from "trust, federal, and other funds" as described in Section 15-155(b) of the Illinois Pension Code. The contribution requirements of plan members and employers were established and may be amended by the State's General Assembly.

7. PENSION PLAN (Continued)

Defined Contribution Pension Plan (Continued)

d. Forfeitures

Employees are not vested in employer contributions to the RSP until they have attained five years of service credit. Should an employee leave SURS-covered employment with less than five years of service credit, the portion of the employee's RSP account designated as employer contributions is forfeited. Employees who later return to SURS-covered employment will have these forfeited employer contributions reinstated to their account, so long as the employee's own contributions remain in the account. Forfeited employer contributions are managed by SURS and are used both to reinstate previously forfeited contributions and to fund a portion of the State's contributions on behalf of the individual employers. The vesting and forfeiture provisions of the RSP were established and may be amended by the State's General Assembly.

e. Pension Expense Related to Defined Contribution Pensions

Defined Contribution Pension Expense:

For the year ended June 30, 2023, the State's contributions to the RSP on behalf of individual employers totaled \$90,330,044. Of this amount, \$81,991,471 was funded via an appropriation from the State and \$8,338,573 was funded from previously forfeited contributions.

For the year ended June 30, 2022, the State's contributions to the RSP on behalf of individual employers totaled \$89,770,940. Of this amount, \$80,902,699 was funded via an appropriation from the State and \$8,868,241 was funded from previously forfeited contributions.

Employer Proportionate Share of Defined Contribution Pension Expense:

The employer proportionate share of collective defined contribution pension expense is recognized as nonoperating revenue with matching operating expense (compensation and benefits) in the financial statements. The basis of allocation used in the proportionate share of collective defined contribution pension expense is the actual reported pensionable contributions made to the RSP during fiscal year 2024 and 2023. The College's share of pensionable contributions was 0.2040% and 0.1624% for the fiscal years ended June 30, 2024 and 2023, respectively. As a result, the College recognized revenue and defined contribution pension expense of \$184,304 from this special funding situation during the year ended June 30, 2024, of which \$17,014 constituted forfeitures and \$145,822 for the year ended June 30, 2023, of which \$14,405 constituted forfeitures.

8. TERMINATION BENEFITS

Under an Early Retirement Incentive Plan which expired June 30, 2005, the College elected to provide certain health care benefits for retirees for ten years after their retirement date or until they became eligible for Medicare. Retiree participants electing these benefits are required to contribute monthly amounts, depending on the level of coverage desired. The premium rates for retirees are based on the claims costs of retirees. There are no blended premium rates of current employees and retirees. At June 30, 2024 and 2023, there was one retiree participant on the plan. This person will never become eligible for Medicare. The contributions made by the retiree participant during fiscal years 2024 and 2023 totaled \$5,972 and \$5,972, respectively. At June 30, 2024 and 2023, the College has estimated the cost of future retirees' health benefits to be \$80,037 and \$86,950, respectively, and has a reserve to cover these costs.

9. RETIREE HEALTH PLAN

Plan Description

In addition to the pension plan described previously, the College contributes to the College Insurance Program (CIP), a cost-sharing multiple-employer defined benefit postemployment healthcare plan administered by the State of Illinois. CIP provides health, vision and dental benefits to retired staff and beneficiaries of participating community colleges. The benefits, employer, employee, retiree and state contributions are dictated by Illinois Compiled Statutes (ILCS) through the State Group Insurance Act of 1971 (Act) and can only be changed by the Illinois General Assembly. Separate financial statements, including required supplementary information, may be obtained from the Department of Healthcare and Family Services, 201 South Grand Avenue East, Springfield, Illinois 62763.

The Act requires every active contributor (employee) of SURS to contribute 0.5% of covered payroll and every community college district to contribute 0.5% of covered payroll. Retirees pay a premium for coverage that is also determined by ILCS. The State Pension Funds Continuing Appropriation Act (40/ILCS 15/1.4) requires the state to make an annual appropriation to CIP to cover any expected expenditures in excess of the contributions by active employees, employers and retirees. The result is pay as you go financing of the plan.

Plan Description (Continued)

The following disclosures are for the years ended June 30, 2024 and 2023, in accordance with GASB Statement No, 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. For purposes of measuring the net other postemployment benefit liability, deferred outflows of resources and deferred inflows of resources related to other postemployment benefit, and other postemployment benefit expense, information about the fiduciary net position of CIP and additions to/deductions from CIP's fiduciary net position have been determined on the same basis as they are reported by CIP. For this purpose, CIP recognizes benefit payments when due and payable in accordance with the benefit terms. Investments, if any, are reported at fair value, except for money market investments and participating interest-earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

At June 30, 2024, the College reported a liability of \$4,614,427 for its proportionate share of the total OPEB liability that reflected a reduction for state OPEB support of \$4,614,427 resulting in a total OPEB liability associated with the College of \$9,228,854. The OPEB liability was measured as of June 30, 2023 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation performed as of June 30, 2022 rolled forward to June 30, 2023. The College's proportion of the net OPEB liability was based on the College's actual contributions to the OPEB plan relative to the projected contributions of all participating colleges and the State of Illinois, statutorily determined. At June 30, 2024, the College's proportionate share was 0.653010%.

At June 30, 2023, the College reported a liability of \$4,344,040 for its proportionate share of the total OPEB liability that reflected a reduction for state OPEB support of \$4,344,040 resulting in a total OPEB liability associated with the College of \$8,688,080. The OPEB liability was measured as of June 30, 2022 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation performed as of June 30, 2021 rolled forward to June 30, 2022. The College's proportion of the net OPEB liability was based on the College's actual contributions to the OPEB plan relative to the projected contributions of all participating colleges and the State of Illinois, statutorily determined. Plan Description (Continued)

Actuarial Assumptions (Continued)

2024

Mortality rates for retirement and beneficiary annuitants were based on the Pub-2010 Healthy Retiree Mortality Table and PubT-2010 Healthy Retiree Mortality Table. For disabled annuitants mortality rates were based on the Pub-2010 Disabled Retiree Mortality Table. Mortality rates for pre-retirement were based on the Pub-2010 Employee Mortality Table and PubT-2010 Employee Mortality Table. Tables were adjusted for SURS experience. All tables reflect future mortality improvements using Projection Scale MP-2020. The actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study for the period June 30, 2017 to June 30, 2021.

Projected benefit payments were discounted to their actuarial present value using a Single Discount Rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the plan's fiduciary net position is projected to be sufficient to pay benefits) and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bond with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met). Since CIP is financed on a pay-as-you-go basis, a discount rate consistent with the 20-year general obligation bond index has been selected. The discount rates were 3.86% as of June 30, 2024.

2023

Mortality rates for retirement and beneficiary annuitants were based on the Pub-2010 Healthy Retiree Mortality Table and PubT-2010 Healthy Retiree Mortality Table. 10. RISK MANAGEMENT

The College is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; employees’ health and natural disasters. To cover these risks, the College has purchased commercial insurance that is accounted for in the Liability, Protection and Settlement Fund. In addition, the College may levy property taxes to provide for any costs not covered under the College’s insurance. The College had no significant reductions in insurance coverage from the prior year. During the past three years, there have been no settlements that exceeded insurance coverage.

11. TAX ABATEMENTS

The College rebates property taxes to recruit, retain or improve local business facilities or their supporting public infrastructure under certain circumstances. The terms of these rebate arrangements are specified within written agreements with the businesses concerned.

The College entered into an agreement with Exelon’s LaSalle Generating Station for property tax years 2020 and 2021 agreeing to annual property tax payments based on a rate of 0.35828.

13. COMMITMENTS AND CONTINGENCIES

a. Grants Received and Receivable

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies, principally the Federal Government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenses which may be disallowed by the grantor cannot be determined at this time although the College expects such amounts, if any, to be not significant.

b. Litigation

The College is a defendant and plaintiff in various lawsuits. Although the outcome of these lawsuits is not presently determinable, it is the opinion of the College's attorney that resolution of these matters will not have a material adverse effect on the financial condition of the College.

c. Construction Commitments

The College had one major construction project outstanding as of June 30, 2024. These projects related to the AG Education Center. At year end, the College's commitments with the contractors was \$7,131,626.

The College had four major construction project outstanding as of June 30, 2023. These projects related to CETLA band room, medical assist renovations, building exteriors upgrade, early childhood room renovations, and mechanical room upgrades. At year end, the College's commitments with contractors was \$1,291,090.

14. DISCRETELY PRESENTED COMPONENT UNIT

The Illinois Valley Community College Foundation (the Foundation) is a not-for-profit organization which was formed to advance education through scholarships to deserving and well-qualified Illinois Valley Community College students and to provide financial support for worthy and innovative Illinois Valley Community College education programs and services, which may include augmenting the College facilities. The following is a summary of the significant accounting policies of the Foundation.

NOTES TO FINANCIAL STATEMENTS (Continued)

14. DISCRETELY PRESENTED COMPONENT UNIT (Continued)

Financial Statement Presentation

Net assets, revenues, gains and losses are classified based on the existence or absence of donor or grantor imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

- Net Assets Without Donor Restrictions: Net assets available for use in general operations and not subject to donor-imposed restrictions. The governing board has designated, from net assets without donor restrictions, net assets for an operating reserve.
- Net Assets With Donor Restrictions: Net assets subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Fiscal Year

The Foundation has a fiscal year ending on June 30 for both book and tax purposes. The results of activities as shown in the accompanying financial statements are for the years ended June 30, 2024 and 2023.

Cash and Cash Equivalents

Cash consists of cash on deposit with financial institutions.

Investments

All invested funds are stated at fair market value. Certificates of deposit are stated at cost, which approximates market value.

14. DISCRETELY PRESENTED COMPONENT UNIT (Continued)

Income Taxes

The Foundation has received an exemption from income taxes under Section 501(c)(3) of the Internal Revenue Code. The Foundation files an annual information return, which is available for public inspection, with the Internal Revenue Service.

The Foundation is a nonprofit Illinois corporation and is exempt from filing an annual information return with the Attorney General of the State of Illinois.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Illinois Valley Community College
Illinois Community College
District Number 513
Oglesby, Illinois

Opinions

We have audited the accompanying balance sheets of Illinois Valley Community College - Illinois Community College District Number 513's (the College), State Adult Education and Family Literacy Grant Programs as of June 30, 2024, and the related statement of revenues, expenditures and changes in program balances - state grants programs.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Illinois Valley Community College - Illinois Community College District Number 513's State Adult Education and Family Literacy Grant Programs as of June 30, 2024, and the changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the guidelines of the Illinois Community College Board (ICCB) *Fiscal Management Manual*. Our responsibilities under these standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the College and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

The accompanying balance sheet and statement of revenues, expenditures and changes in program balances were prepared for the purpose of complying with the terms of the ICCB Grants and are not intended to be a complete presentation of the College's revenue and expenditures in conformity with accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Our audit was conducted for the purpose of forming opinions on the balance sheet the College's State Adult Education and Family Literacy Grant Programs as of June 30, 2024, and the related statement of revenues, expenditures and changes in program balances for the year then ended. The schedule of expenditure amounts and percentages for ICCB Grant Funds only is presented for purposes of additional analysis and is not a required part of these financial statements. The schedule of expenditure amounts and percentages for ICCB Grant Funds only is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare these financial statements.

The information has been subjected to the auditing procedures applied in the audit of these financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to these financial statements as a whole.

In connection with our audit, nothing came to our attention that caused us to believe that the College failed to comply with the terms, covenants, provisions or conditions of the agreements, insofar as they relate to accounting matters. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the College's noncompliance with the above-referenced terms, covenants, provisions or conditions of the agreements, insofar as they relate to accounting matters.

AND OTHER BASES UPON WHICH CLAIMS ARE FILED AND
SUPPORTING RECONCILIATION OF SEMESTER CREDIT HOURS**

Board of Trustees
Illinois Valley Community College
Illinois Community College
District Number 513
Oglesby, Illinois

We have examined management of Illinois Valley Community College - Illinois Community College District Number 513’s (the College) assertion that the College complied with the guidelines of the Illinois Community College Board’s *Fiscal Management Manual* included in the accompanying Schedule of Enrollment Data and Other Bases Upon Which Claims are Filed and the Reconciliation of Total Semester Credit Hours of Illinois Valley Community College during the period July 1, 2023 through June 30, 2024. The College’s management is responsible for its assertion. Our responsibility is to express an opinion on management’s assertion about the College’s compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether management’s assertion about compliance with the specified requirements is fairly stated, in all material respects. An examination involves performing procedures to obtain evidence about whether management’s assertion is fairly stated, in all material respects. The nature, timing and extent of the procedures selected depend on our judgment, including an assessment of the risks of material misstatement of management’s assertion, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent and meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

Our examination does not provide a legal determination on the College’s compliance with the specified requirements.

In our opinion, management's assertion that the College complied with the guidelines of the Illinois Community College Board's *Fiscal Management Manual* included in the accompanying Schedule of Enrollment Data and Other Bases Upon Which Claims are Filed and the Reconciliation of Total Semester Credit Hours of Illinois Valley Community College is fairly stated, in all material respects.

A student's legal residence is used to determine the student's residency for both tuition calculation and submission of reports for state funding purposes. According to ICCB guidelines, a student must reside within the district for at least 30 days prior to the start of the semester in order to meet in district residency requirements.

The College uses the U.S. Postal Service to verify a student's permanent residence. If there is a question about a student's residency, the student must submit a combination of three types of documentation:

- 1) Valid Illinois driver's license or motor vehicle registration
- 2) Voter's registration card
- 3) Real estate tax bill showing liability to the College
- 4) Apartment lease
- 5) Contract of sale for a new home
- 6) Utility bill
- 7) Rent receipt

Each case is treated individually and documentation tailored to the student's specific situation.
