IVCC is an affirmative action/equal
opportunity/ADA-compliant institution.
This publication was produced by IVCC's
Community Relations and Development
Office.

The IVCC Course Offerings booklet
summarizes information of interest to
students; it is not a complete statement of
programs and policies. Other important
information is available from the [IVCC
Catalog](#) and [Student Handbook](#), both
available online, as well as guidelines
produced by instructional departments and
other offices. Students are responsible for
complying with the provisions of these
documents.

CONTINUING EDUCATION AT IVCC

The Continuing Education Center offers credit courses such as Real Estate and Warehousing, as well as non-credit short-term career programs, such as Medical Billing and Coding and Pharmacy Technician. In addition, professional development courses for business and industry, and community education courses for professional and personal development are available.

Visit www.ivcc.edu/cebs to learn more or look for the Fall 2022 Continuing Education catalog in your mailbox in August!

The Continuing Education Center is proud to be a resource for you and are grateful to be a part of your journey as a lifelong learner. We can't wait to see you in upcoming classes, in person or virtually!

Contact the CEC at (815) 224-0427 for course information, to schedule training opportunities, or to give the gift of education in the form of a gift certificate.

ONLINE LEARNING

Visit IVCC's online learning website www.ivcc.edu/online for this information and more:

- Are you ready for online learning?
- Not sure how an online, blended, or in-person class works?
- How do I take math or speech online?

IVCC delivers classes in a variety of formats:

- Internet, fully online
- Virtual class meetings
- Blended, online, and in-person
- In-person

Visit www.ivcc.edu/delivery for a complete delivery mode description.

Check your class schedule and know if/when your classes meet on-campus or online. Pay attention to section numbers, locations and meeting information.

Student Support

IVCC offers academic, technical and personal support services in-person and online.

Learn more by visiting www.ivcc.edu/learningresources.

Hardware and Software

Students should have ready access to a reliable computer and the internet and may need a microphone and a webcam to participate in online classes. Students should have a plan B if their computers or internet services fail. Students are welcome on campus to use IVCC computers, internet, hardware, and software. Computer access is available in the Academic Support Center on the Oglesby Campus and at the Ottawa Center. Visit

https://www.ivcc.edu/studenthelpdesk/campus_technology.php for more information.

DO YOU HAVE TIME FOR ONLINE LEARNING?

Online classes take as much time, if not more, than the same classes in-person. For every 1 hour spent in the classroom, plan for 2-3 hours of study and assignments. For example:

- 3 Credit Hour In-Person Class: 3 hours in the classroom + 6-9 hours of work = 9-12 hours per week on one 3-credit hour in-person class.
- 3 Credit Hour Online Class: 3 hours of active online learning (lessons, quizzes, tests, discussions, etc.) + 6-9 hours of work = 9-12 hours per week on one 3-credit hour online class, with more or less time as needed for mastering the online learning environment.

ONLINE LEARNING ISN'T "EASIER"

- Classes are instructor-led and require specific deadlines for completing tasks and submitting assignments.
- Content in an online class is not "watered down;" an online class has the same outcomes as an in-person class.
- Taking more responsibility for your own learning online can be more challenging than taking a class face-to-face.
- If you do not have enough time to take a class in person, it's likely you do not have enough time to take a class online; set aside time to regularly work on your online class.
- Work with your counselor to determine if online learning is a good option for you.

Required Orientation for Online Students New to IVCC: CSP-0002

Students taking their first online class at IVCC are required to enroll in CSP-0002, a free non-credit, pass/fail online class to help orient students to online learning. Once enrolled, students will be given access to the orientation materials through IVCC's Blackboard system. Students must be checking their IVCC email accounts and IVCC Blackboard to be successful in the online orientation and online classes at IVCC. Most students report taking 45-90 minutes to complete the orientation. For information, contact the Student Help Desk, shd@ivcc.edu, or (815) 224-0318.

PERKS OF BEING AN IVCC EAGLE

You already know IVCC offers a top-notch education with easily-transferable credits to state universities and our smaller class sizes give our students a chance to connect with faculty and other students.

What other perks do Eagles get?

- Free admission to regular season home athletics events
- Free admission to most IVCC theatre productions and concerts
- Free parking
- Free tutoring
- Free career counseling
- Free Microsoft Office software
- Remote library access to 38.7 million items from the I-SHARE consortium
- NCAT and BPART service to-and-from-campus
- Many local restaurants and movie theatres offer student discounts
- ... just to name a few

DO YOUR HOMEWORK

Would you buy a car sight unseen? Probably not. You should take the same time and care in making the decision about where to invest in your education.

EAGLE PRIDE

It's not just a catchy slogan. Our students impress us every day with their accomplishments in and out of the classroom and we're proud to share the good news. Whether it's earning a scholarship to study abroad or being selected for a competitive award, we want to hear from you. Share your story with your instructor or email Community_Relations@ivcc.edu.

Welcome to IVCC! We'll help you go far! See you soon!
