

Accounting 1020-01  
Managerial Accounting  
Class Syllabus – Spring 2024  
(Instructor Reserves the Right to Make Changes)

Instructor: Amber Fox  
Email: [Amber\\_Fox@ivcc.edu](mailto:Amber_Fox@ivcc.edu)  
Office: A 325  
Office Phone: 815-224-0348  
Cell Phone: 815-876-6111  
Office Hours: MWF 11am to 12pm, TTH 9-9:30am & 12:30-1pm  
After April 18 TTH will move to 11am to 12pm

### Prerequisites

ACT 1010 Financial Accounting

### Required Materials

*REQUIRED: Managerial Accounting, Garrison, Noreen, Brewer, 18<sup>th</sup> Edition (Loose leaf)  
& Inclusive Access for Connect*

### Course Description

Course with basic managerial accounting concepts and practice including classification of costs, cost-volume-profit relationships, manufacturing costs, job order and process cost systems, budgeting, standard cost and variance analysis, direct and absorption costing, cost allocation, decentralized operations, and capital budgeting.

### Expected Learning Outcomes

Upon successful completion of the course, the student should;

- 1) Understand accounting and its use in the business environment,
- 2) Understand cost terms, concepts, and cost classifications,
- 3) Understand job-order and process costing systems,
- 4) Understand cost behavior and its use in accounting,
- 5) Understand cost-volume-profit analysis,
- 6) Understand variable costing,
- 7) Understand profit planning, standard costs, and flexible budgeting,
- 8) Understand segment reporting, and relevant costs, and
- 9) Understand capital budgeting decisions

## Grading and Assessment of Student Learning

GRADING		BREAKDOWN	
A	90-100	Chapter Exams (6)	60%
		Final Exam	10%
B	80-89	Chapter Assignments	15%
C	70-79	Chapter Quizzes	10%
D	60-69	Excel Homework	5%
F	0-59		

### Structure of the Class

We have a limited amount of time in which to cover a great deal of information; therefore, we will try to stick to our schedule and cover the material in an organized fashion.

Class will be taught face-to-face in the classroom during regularly scheduled class times. Zoom will also be used as an alternative method of attendance. Zoom meeting links will be provided in Brightspace. Students who have been approved to attend class via Zoom (see Zoom rules below) will be required to have a webcam and microphone available.

Class will be divided between lecture, both by demonstrating the concepts covered at the board as well as other visual aids. We will try to work through examples in class utilizing the problems supplied by the author at the end of the chapter. You should be prepared to work through problems during most lectures. You will be provided with a lecture outline in which you will use to take notes. This outline highlights some of the more important topics we will cover in class along with some practice problems. Every attempt will be made to complete a demonstration problem together as a class and then time will be allotted for you to attempt a problem on your own.

I encourage you to ask questions as we go along. Your participation will be of benefit not only to you but also to your fellow students as it is an aid in the overall learning process.

### Attendance Policy

You are expected to attend class regularly. It is imperative that you attend class as much as possible to improve your chances of success in this course.

This class will have 44 total class meetings with 32 prior to the withdrawal date and another 12 beyond that. **You may not have more than 2 unexcused absences for any reason during the semester. An unexcused absence occurs when the student does not communicate with the instructor about the absence. If you have excessive unexcused absences, the instructor reserves the right to withdraw you from class without prior notification. Any borderline grades will be negatively affected by excessive absences.**

## Classroom Rules

A few rules for the classroom:

- 1) ALL cell phones are to be OFF (not vibrate) and PUT AWAY during class. You may check messages during our break.
- 2) Professionalism & Ethics – Are an important part of the business world and are demanded of those who choose accounting and business as their career. Part of the learning process involves understanding what is expected of you in class including your behavior and attitudes towards your instructor and fellow students. As part of this class, you will be required to be respectful of others, to show courtesy, and to conduct yourself in a professional manner.
- 3) Promptness – You are expected to be in class ON TIME. If you arrive late, is it a distraction to others in the class. I reserve the right not to let you in if you continue to arrive late.

## Zoom Rules

A few rules for using Zoom:

Zoom is being incorporated into the classroom to minimize any potential absences from class. Including: Quarantine, illness, doctor appointments, gaps in childcare, weather, and work conflicts. This is not a comprehensive list. You must have approval from the instructor to attend class via Zoom. Exams should be taken on campus during the regularly scheduled class time unless prior arrangements have been made with the instructor. (See Exams below)

- 1) Please approach Zoom the same as you would if you were in a face-to-face setting.
- 2) Enter the meeting a few minutes early with your notes open on your computer and ready to participate
- 3) Place your microphones on mute unless you are actively participating in discussion
- 4) Enter class with your webcam on
- 5) Be dressed appropriately, including clothing on the bottom half
- 6) Be in a setting that is free from distractions and appropriate for class. Be aware of your setting and background. Avoid displaying items or backgrounds that may identify your address (or anything else you don't want your classmates to see).
- 7) Treat your classmates with respect. No smoking/vaping, drinking alcohol, or other such inappropriate behavior should happen on camera. Do not use the Zoom environment to inappropriately contact or proposition classmates. If it is [prohibited on campus](#), it is also prohibited on Zoom. Conversations and activities should focus on learning objectives.
- 8) Students who disrupt the learning environment in any way or by infraction of the above guidelines will be subject to withdrawal/discipline procedures as described in the [IVCC student handbook](#).

Please be aware that class sessions will be recorded using Zoom and may be shared with the class for reference or review. Recordings will be available upon request for 30 days. Should the instructor wish to publish the video outside of the password protected classroom, the instructor will obtain consent from all students before the recording is made available. During recorded sessions, students should follow the instructor's guidelines regarding audio and/or video feeds during the class session and recording.

## Instructor Expectations

Managerial Accounting will introduce you to several new topics requiring you to master various calculations with problems presented in several different formats. It is imperative that you spend most

of your time mastering these problem-solving skills. You will be assessed on your ability to do various problems on your homework, and exams. To be successful, you should spend the required amount of time practicing these skills until you are comfortable in your ability to answer these questions without the aid of your textbook.

Accounting is a discipline that must be mastered through repetition and the working of problems. **You should expect to spend 7-9 hours per week studying the textbook and working on your assignments. Individual time requirements will vary.**

Managerial Accounting will test your understanding of various accounting concepts and your ability to use critical thinking skills to solve problems. **It is of the utmost importance that the student work as many problems as possible to get a thorough understanding of the material. Only through repetition and working problems presented in multiple formats can a student successfully master the material in this course.**

To be successful you should:

- 1) Read the chapter quickly to get a “feel” of the material
- 2) Re-read the chapter a second time much more slowly highlighting specific areas that the author is covering
- 3) Make a note card or other study aid to help commit certain concepts to memory
- 4) Begin homework early and work the problems as assigned. Working and reworking problems will help develop the skill sets necessary to apply the concepts
- 5) Review the solutions to the material assigned. The solutions will be available in Connect as soon as the due date has passed. Rework any problems you struggled with.
- 6) Use your resources to the fullest, Connect, tutoring, instructor etc.
- 7) IF YOU ARE HAVING PROBLEMS, MAKE AN APPOINTMENT TO SEE ME, I CANNOT HELP YOU IF YOU DO NOT ASK FOR HELP

## Assessment Guidelines

### Chapter Assignments

You will have 26-chapter assignments with only the highest 24 counting, meaning I will drop the 2 lowest homework scores. The chapter assignments are to be completed according to your assignment schedule (see course calendar), located in Brightspace, using Connect. There is no time limit, other than the due date, to complete your assignment. Each assignment will vary in length and may take 3-4 hours to complete. Each chapter assignment will vary in points with more difficult assignments being worth more points. I reserve the right to change homework assignments/due dates.

Each homework assignment will be in the form of exercises and/or problems. The questions are the same as those that appear at the end of the chapters in your textbook and are listed under Assignments and Due Dates. Connect will automatically grade your assignments. It is set to allow up to 3 attempts in doing the problems and 3 “check my works”. Your best score will be taken from your attempts. The program will indicate if you have the correct solution.

Solutions to the chapter assignments will be available in Connect immediately after the due date of the assignment. To locate your feedback, open the assignment after the due date and review. Please be sure to carefully review the solutions making sure you understand the concept tested and how the author arrived at the answer. If you have questions regarding your homework, please contact me.

## **Quizzes**

You will have 13-quiz assignments with only the 11 highest counting, meaning I will drop the lowest 2 quiz scores. The quizzes are to be completed according to your assignment schedule (see course calendar), located in Brightspace, using the Connect system. You will have 30 minutes to complete each quiz. Each quiz is worth 10 points and will have 10 questions, it will be due according to your assignment schedule.

Solutions to the quizzes will be available in Connect immediately following the due date. To locate your feedback, open the test after the due date and review. Please be sure to carefully review the solutions making sure you understand the concept tested and how the author arrived at the answer. If you have questions regarding the test, please contact me.

## **Excel**

You will be assigned 13-Excel assignments in Connect with the highest 12 counting meaning that I will drop your lowest score.

Excel is used throughout the business world and as such it is essential that you can apply financial accounting concepts using this software. These assignments will allow you to develop basic formula and formatting skills using Excel.

The Excel assignments are to be completed according to your assignment schedule (see course calendar), located in Brightspace, using the Connect system. Connect will automatically grade your assignments. It is set to allow up to 3 attempts per empty cell. There is no time limit, other than the due date, to complete your assignment. The program will indicate if you have the correct solution.

Solutions to the Excel assignments will be available in Connect immediately after the due date of the assignment. To locate your feedback, open the assignment after the due date and review. Please be sure to carefully review the solutions making sure you understand the concept tested and how the author arrived at the answer. If you have questions regarding your homework, please contact me.

## **Exams**

There will be six exams totaling 600 points. At the end of the semester there will be a comprehensive final exam worth 150 points.

Exams will be administered through Connect during class time according to your assignment schedule (see course calendar). You will be required to be on campus, in a proctored environment, to take your exam.

Your instructor will provide you with a basic calculator to use while taking your exams. The exams are closed book and closed note, meaning resources cannot be used while testing. As such cell phones and smartwatches WILL NOT be allowed! A cell phone or smartwatch out during an exam will be grounds for a 0 on that exam! Your instructor will be monitoring your computer screen during your exam. Any usage of unauthorized websites or any other unauthorized materials will be grounds for a 0 on that exam.

After completion of the exam, you will receive your score. If after the due date you would like to review your exam, you may do so during office hours or by making an appointment with me (face-to-face or Zoom). I can then share your exam with you and review any questions you might have missed.

I will inform the class of the exam make-up prior to the exam. For instance, if the exam contains multiple choice, matching, fill-in-the-blank, essay, or problems.

## Late Submission Policy

All assignments are due according to the assignment schedule, unless otherwise specified by the instructor. Late work will not be accepted and will be given a 0.

Work may be submitted early.

I realize that emergencies happen and are out of the control of the student which might make it impossible to meet a due date for a given assignment; therefore, I will drop the 2 lowest chapter assignments, quizzes, and the lowest Excel assignment. This will allow for most any unforeseen circumstances that might arise.

If you will miss a scheduled exam, you must have preapproval (must contact me prior to class time on the date of the exam) and make arrangements for the exam to be made-up. It must be made up within 3 school days of the original exam date. I reserve the right to change the original exam prior to a make-up being given. If the student fails to contact the instructor prior to class time on the date of the exam or does not make arrangements to take a make-up exam within the allotted time frame a score of 0 will be given!

Should the student know in advance that they will not be able to take a test before the due date, the student should contact the instructor right away. Waiting until the night before the exam is not acceptable notice unless in the case of an emergency. The student will be required to take the exam in advance of the due date.

## Extra Credit Policy

Extra credit is not guaranteed; however, I reserve the right to add additional assignments or course work as extra credit should I deem it beneficial to the class.

## Plagiarism and Cheating Policy

Plagiarism involves using another person's exact words or thoughts without citing the source in your work. Plagiarism is therefore an illegal act that constitutes a type of theft from another individual. Such actions are not tolerated in the business world and will not be tolerated in class. Whenever exact quotes are used, citing the source of the original material is required. Illinois Valley Community College prohibits plagiarism in any form. Students found plagiarizing or cheating in any way will result in a 0 for that particular assignment. Should there be a repeat offense the student will be brought to the attention of the Department Dean and subject to disciplinary actions as determined by the college.

## Center for Accessibility and Neurodiversity (CAN)

This course is designed to support a diversity of learners. My hope is to create an inclusive and accessible environment for all students. If you want to discuss your learning experience, please talk to me as early in the term as possible. If you know you have, or suspect you have, ADHD, a learning disability, Autism Spectrum Disorder, mobility impairment, chronic medical condition, sensory deficit like low vision/blindness or hearing loss/deafness, or psychiatric disability (anxiety, depression, bipolar disorder, post-traumatic stress, and others) that limits your ability to fully access and/or participate in this course, please contact the Center for Accessibility and Neurodiversity in C-211. Tina Hardy [tina\\_hardy@ivcc.edu](mailto:tina_hardy@ivcc.edu) (224-0284) can help determine what type of services and supports are offered.

## Withdrawal Policy and Financial Aid

You may be withdrawn from the class in one of two ways:

**Instructor Initiated** – Based on the attendance requirement outlined above, I reserve the right to withdraw a student from class without prior notification.

**Student Initiated** – Effective Summer 2011, students will have the ability to initiate a withdrawal from classes. By completing the form in the Records Office or at [www.ivcc.edu/withdraw](http://www.ivcc.edu/withdraw), the student is authorizing IVCC to remove him/her from the course. Entering the student ID number serves as the student's electronic signature. **IVCC has the right to rescind a withdrawal in cases of academic dishonesty or at the instructor's discretion.**

Students should be aware of the impact of a withdrawal on full-time status for insurance purposes and for financial aid. It is highly recommended that students meet with their instructor or with a counselor before withdrawing from a class to discuss if a withdrawal is the best course of action for that particular student.

If the student has stopped participating, it is the student's responsibility to ensure that a withdrawal has been submitted by the final withdrawal date. **The last day to withdraw for this class is April 9, 2024. Any student who has not withdrawn from the class after this date will receive a letter grade!**

## Communicating with the Instructor

The instructor's contact information is listed above. You may contact me by phone, in person or email. I only respond to emails, calls, texts between the hours of 8AM and 8PM. Any communication received within this time will be answered as soon as possible or within 24 hours. When contacting the instructor using email, be sure to place your full name in the subject line along with your class number and section.

## Student Email

Should I need to communicate with the class I will send an email to your IVCC account. You are responsible for checking your IVCC email frequently. For information on accessing this account, go to <https://www.ivcc.edu/studenthelpdesk/>.

## Online Requirements

### **Brightspace**

All materials, communication, grades, course documents, and so on will be provided for you through Brightspace. Your instructor will enroll you in your Brightspace class based on the class roster.

**Please be sure to check Brightspace each day for announcements from your instructor concerning all important information for this class.** Also, be sure to verify that your student email account is working. Important announcements may also be emailed to you through Brightspace by your instructor. It is the student's responsibility to ensure that their student email is correct and working properly.

To log in the First Time:

- 1) Go to <https://ivcc.brightspace.com/d2l/home>

## 2) Follow the instructions

### **Connect**

All chapter assignments, quizzes, tests, and Excel assignments will be completed using Connect. It is your responsibility to register and monitor your use of this online system.

For any technical issues regarding Connect, please contact Connect technical support. Your instructor cannot troubleshoot technical problems with this system.

### GENERAL TECHNICAL ASSISTANCE

The center provides individualized academic assistance to all students utilizing computer technology. The Help Desk Support Staff helps students in person, on the phone, and via e-mail.

Phone: 815-224-0318  
Location: D201  
Email: [heather\\_crawley@ivcc.edu](mailto:heather_crawley@ivcc.edu)  
Web Page: <https://www.ivcc.edu/studenthelpdesk/>  
Contact Person: Heather Crawley – [heather\\_crawley@ivcc.edu](mailto:heather_crawley@ivcc.edu)

If you need assistance with communication tools or software issues, contact our staff. If you are having trouble with your computer, you will need to contact the manufacturer or the store where you bought it. If you are having trouble with your Internet connection, you should contact your Internet Service Provider (ISP).

In case you are having difficulty logging into Brightspace or accessing your student email, please refer to the student help desk. This page is located at <https://www.ivcc.edu/studenthelpdesk/>.

Please call 815-224-0318 as soon as you detect a problem during regular campus hours.

### Course Calendar

Please see the Course Calendar located in Brightspace under Course Information for all assignment due dates.
