Instructor Policies

Please feel free to ask questions regarding the content in class or by contacting me outside of class time. For assignment and testing questions I will not give you the answer, however I will guide you to finding the correct answer.

I will have the most current copy of the syllabus available on blackboard, as well as my faculty webpage. Please check periodically for changes in due dates or exam dates. I will notify you of any changes during scheduled class hours.

Grading

All grades will be posted on blackboard. Please log into the course regularly so you can stay notified to any missing assignments or quizzes.

The contents of following categories are calculated equally, and will be explained in more detail later in this document.

- (15) Attendance: 10%
- (8) Quizzes: 30%
- (4) Exams: 25%
- (1) Muscle Project: 15%
- (1) Final Exam: 20%

Email

I will only open emails from an IVCC email address. Please feel free to contact me with any questions or concerns. You can expect a response to your email within 24 hours Monday – Thursday and 48 hours Friday – Sunday. There are times I will provide advanced notice, which I will be out of internet availability. Please remember during these times I will still be reachable by cell phone.

While you are in class

While you are in class I expect you to treat the instructor and fellow students with respect. Please leave your cell phones off and in your purse or school bag. Texting is not allowed in class, whether reading or typing. If you need to use your phone please leave the classroom to do so. Sleeping, talking, or any other activity that the instructor feels is disrupting the learning process will not be tolerated and you will be asked to leave class. If you are asked to leave class it will be counted as an unexcused absence for the day.

If campus is closed or class is canceled

If IVCC closes the campus or cancels our classes, we will still have the course material available. Please log into blackboard (direct link: ivcc.blackboard.com) or check your email. Homework will be required to be posted on blackboard at the time of the original class. I will also have course materials for you to review. You are responsible for the posted material. You will be required to complete all posted assignments/discussions and you are responsible for it at the next class meeting. I will be viewing the discussion boards to answer questions at the designated class time and at a posted time that evening.

Attendance

Attendance in lecture is mandatory and is worth 10% of your grade. You will receive full credit (100%) if you are in attendance, 50% if you are tardy and 0% if you have an unexcused absence. Attendance is calculated for each lecture session. Excused absences are exempt from the grading scale.

Excused absences include, but are not limited to a doctor's note stating that you were not able to participate in lab for a specific period of time, an absence that was predetermined and approved by the instructor and the program coordinator, notifying the instructor and the program coordinator prior to the absence and scheduling a make-up date.

Unexcused absences include, but are not limited to, failure to notify the instructor and program coordinator prior to missing a lecture period; over-sleeping; tardy with no valid excuse.

Homework

Homework is due at the beginning of class. If the assignment is not given to the instructor at the start of the class it will be considered late. If you are absent, your homework may be emailed to the instructor before the designated class time to receive full credit. **Homework accounts for 10% of your final grade.**

Exams

There will be 4 hourly exams, one project, and one final exam. All hourly exams will be weighted and total 25% of your grade. Your final exam will be worth 20% of your total grade for the course. The project will be worth 10% of your final grade, and must be completed with a 69.5% to pass the course.

If you are absent on the day of the test you will take the test in the Assessment Center. You will have

ONE week (7 calendar days) from the date of the test to complete it. If the test is not completed within that week a ZERO will be received for that test. You will be allowed one test in the Assessment Center without penalty. If you take more than one test in the Assessment Center 5% will be deducted from each. In addition to the deducted points you will not receive any bonus questions with your test. Lastly if you make up a test I have the right to give you a different test than the one taken during the scheduled class period. There will be no extensions given for projects. It will be presented in class on the date listed on the syllabus. If you do not have your project, or if you are absent, you will receive a zero for this project (exam grade 8). Project grade will not be dropped at the end of the semester.

If a quiz is missed

Quizzes may be announced or unannounced. I will not be giving make up quizzes. There are 8 announced blackboard quizzes of varying lengths to ensure you comprehend the material given during each lecture. There will be two attempts for each quiz. If you miss a class, excused or unexcused, quizzes will not be made up for a grade, but you may have access to the quiz to help you study for zero points. **Quizzes will account for 25% of your final grade.**

Disability Statement

If you are a student with a documented cognitive (learning disability), physical or psychiatric disability (anxiety, depression, bipolar disorder, AD/HD, post-traumatic stress, and others) you may be eligible for academic support services such as extended test time, texts in audio format, note taking services, etc... If you are interested in learning if you can receive these academic support services, please contact Tina Hardy (tina_hardy@ivcc.edu, or 224-0284), or stop by the Disability Services Office in C-211.
