Student's Last Name      Student's First Name      Student's M.I.      Student's Social Security Number

Your FAFSA results indicate your parent(s) updated untaxed IRA distributions and/or pension item(s). In order to correctly determine how the update(s) will affect your eligibility for financial aid, please select from the following options:

- The untaxed amount is a rollover of funds and is indicated as such on your parent's 2022 IRS tax return(s). Please indicate the amount of the rollover here \_\_\_\_\_ and submit this signed form along with a copy of your parent's 2022 IRS form(s) 1099-R.
  
- The untaxed amount is not a rollover.

**NOTE:** If the amount of the untaxed IRA disbursement or pension was used to pay unusual expenses during 2022, then please contact the IVCC Financial Aid office for further assistance.
