## Happy New Year!

Welcome back to IVCC as we kick off the Spring 2026 semester! Whether you're a returning student or considering joining our community, we're here to support your journey every step of the way. Take advantage of services like the Student Success Center, Career Services, and academic advising to help you stay on track and achieve your goals.

If you're planning for the future, we're also accepting applications for Fall 2026 programs - don't miss your chance to secure your spot! Whether you're looking for guidance, resources, or a new path, IVCC is here to help you succeed this semester and beyond!

# First Dental Hygiene Graduation!

The first eight students to graduate from IVCC's new dental hygiene program were presented with white lab coats marking their transition to hands-on patient care during a ceremony on Dec. 12.

The ceremony, including recitation of a dental hygiene oath and a pinning presented by family members, marked the conclusion of more than two years of study.

Graduates include: Jenna Andersen, Halie Grace, Kaylee Muntz, Morgan Myre, Rebecca Peura, Paige Sons, Madeline Stiegler and Cassie Williams.

IVCC, which accepted its first dental hygiene students in Fall 2024, became one of two community colleges in the state to offer a bridge program between Dental Assisting and Dental Hygiene. The move expanded dental health training in the area and gave local students the opportunity to enhance their skills and marketability by advancing beyond a certificate to multiple degrees.
