Associate of Applied Science Degree EARLY CHILDHOOD EDUCATION

»» WHAT IS EARLY CHILDHOOD EDUCATION?

Early Childhood Educators specialize in the care and education of children birth–age eight. Students gain content knowledge about young children’s development in order to develop the skills and dispositions to work with young children and their families. IVCC’s ECE program is a Gateways-Entitled institution. Graduates of the program are highly sought after by area employers. **IVCC’s AAS in ECE is now accepted in full at all Illinois public colleges and universities (some private universities).**

»» PROGRAM OPTIONS

IVCC’s ECE Program offers a Flex delivery model for the incumbent workforce, which allows students to attend face-to-face on campus, livestream into class, or view recordings. Students can earn the following certificates:

- Gateways ECE Credential Level 2 Certificate (18 credit hours)
- Gateways Infant/Toddler Credential Level 2 Certificate (ECE Level 2 + 3 credit hours)
- Gateways ECE Credential Level 3 Certificate (27 credit hours)
- Gateways Infant/Toddler Credential Level 3 Certificate (ECE Level 3 + 6 credit hours)

Each of the certificates build into the AAS degree, which is the Gateways ECE Level 4 Credential, with the option of the Infant/Toddler Level 4 Credential.

»» HANDS ON TRAINING AND EXPERIENCE

Courses in the Early Childhood Education program are offered in online, blended, and face-to-face formats to meet the needs of traditional students and adult student populations. Students who have documented documentation of the Child Development Associate (CDA) may waive six ECE credit hours. The Early Childhood program has observation hours/field experience hours built into all certificates and degree options. Most students are hired prior to completion of certificate/degree.

»» AFFORDABILITY

IVCC tuition is just one-third to one-fourth the cost of state universities and far below most private institutions. An approximation of tuition and fees and cost comparison can be found on the IVCC website at www.ivcc.edu/payment and at www.ivcc.edu/save.

Many scholarship opportunities are available through the IVCC Foundation at www.ivcc.edu/foundation and Financial Aid is available for those who qualify at www.ivcc.edu/financialaid. Gateways Scholarships may be available for students who have earned their Gateways Level 1 Credential through their high school.

Students who have worked or currently work with young children may be eligible for full coverage of tuition, fees, books, and cost of attendance through the Early Childhood Access Consortium for Equity Scholarships (ECACE). www.isac.org/ECACEscholarship

High school dual credit courses are available through some in-district high schools.
